

COMPANY PROFILE · SINCE 2014

BUILDING INDUSTRY FOR A STRONGER TOMORROW

Steel fabrication, erection, dismantling, insulation, painting, plant maintenance, millwright alignment and rigging for industrial plants across Pakistan.

COMMITTED TO QUALITY WORKMANSHIP

Artisan Engineering supports industrial clients with fabrication, erection and engineering-related site works.

We take time to understand each project's requirements, coordinate carefully and deliver practical solutions — from custom metal fabrication to piping and structural works.

ESTABLISHED
2014

WORKSHOP
**Port Qasim,
Karachi**

MATERIALS
MS & SS

SERVICE AREA
Pakistan

Quality-focused work

Careful fabrication and checking at every stage.

Site coordination

Site work planned around your plant and team.

Industrial solutions

MS & SS fabrication, piping and steel structures.

Responsive communication

Quick replies by phone and WhatsApp.

OUR VISION

To be one of Pakistan's most trusted partners for industrial fabrication, erection and plant maintenance — known for safe work, sound engineering and jobs done right the first time.

OUR MISSION

To deliver fabrication, erection, maintenance and rigging work on time and to specification, with skilled people, the right equipment and safe site practice — keeping our customers' plants running. **We put the customer first in everything we do.**

KEY AREAS

Steel fabrication and erection, dismantling, insulation & cladding, sand blasting & painting, plant maintenance, millwright alignment, and rigging. We also take on time-critical work during **plant shutdowns and pre-shutdowns**.

OUR ENGINEERING SERVICES

STEEL FABRICATION

MS and SS fabrication in our workshop and on site.

- MS & SS fabrication
- Storage tanks and vessels
- Industrial piping
- Steel structures & PEB sheds

LAYOUT & ERECTION

Site layout and erection of structures and equipment.

- Site layout and marking
- Structure erection
- Equipment erection
- Platforms, stairs & handrails

DISMANTLING

Safe dismantling of plants, structures and machinery.

- Plant & machinery dismantling
- Structure removal
- Relocation support

INSULATION & CLADDING WORK

Insulation and cladding for pipes, equipment and buildings.

- Pipe & equipment insulation
- Roof & wall cladding
- Sheet metal jacketing

SAND BLASTING & PAINTING WORK

Surface preparation and protective coating.

- Sand blasting
- Primer & protective painting
- Tanks, structures & pipework

PLANT MAINTENANCE & REPAIRING

Maintenance and repair to keep your plant running.

- Shutdown & breakdown jobs
- Repair & modification
- Planned maintenance

INDUSTRIAL FEASIBILITY & DESIGN

Planning and design support before the work starts.

- Feasibility studies
- Layout & fabrication drawings
- Engineering design

MILLWRIGHT & ALIGNMENT

Precise installation and alignment of machinery.

- Machinery installation
- Shaft & coupling alignment
- Levelling of equipment

RIGGING & RIGGING STUDY

Planned lifting and shifting of heavy equipment.

- Heavy lifts with cranes
- Lifting plans & rigging study
- Equipment shifting

FROM INQUIRY TO HANDOVER

01

INQUIRY

Share your scope, drawings or a short description by phone or WhatsApp.

02

SITE REVIEW

We review the requirement and visit the site where measurements are needed.

03

QUOTATION

You receive a quotation covering the scope of work for your approval.

04

FABRICATION

Work is fabricated to the agreed requirement with attention to quality.

05

ERECTION & HANDOVER

Installation on site, coordinated with your team, through to handover.

THE PEOPLE BEHIND OUR WORK

Iftikhar Ali

CEO / Proprietor

Imtiaz Hummain

Project Manager

Umair Hussain

Site Supervisor

Erection & Rigging Team

Riggers · Fitters

Bilal Hussain

QC & Safety Officer

Ghulam Mohuidin

Workshop Incharge

Shahid Anwar

Fabrication Supervisor

Fabrication Team

Welders · Fabricators

Zahid Abbas

Painting & Insulation Supervisor

Painting & Insulation

Blasters · Painters

Usman Raza

Design Engineer

Faisal Iqbal

Draftsman

Naveed Akhtar

Material BOQ & Purchase

Shuhab ul Din

Admin & Accounts

Bashir Ahmad Mughal

Transport Manager
